

October 19, 2021

Dear County Employee:

While we've made great strides in the fight against COVID-19, Salt Lake County remains in high COVID-19 transmission. We want to give our workforce and patrons confidence that they are entering a safe environment when they come to work and engage with our services.

As such, today we are implementing another substantial measure, collaboratively developed by my office, the County Council, and independent elected officials, to make Salt Lake County's workplace, facilities, and community safer.

We are pleased to announce an incentive of up to \$500 for all Salt Lake County employees as follows:

- Employees who provide proof of COVID-19 vaccination on or before December 3, 2021 shall receive a payment in the amount of \$300.00.
- Employees who verify that they and every member of their household who are 12+ have received the full series of COVID-19 vaccinations on or before December 3, 2021 shall receive an additional payment in the amount of \$100.00.
- Employees who verify that they have received an influenza vaccination in addition to the full series of the COVID-19 vaccine on or before December 3, 2021 shall receive an additional payment in the amount of \$100.00.

This incentive expires on Friday, December 3, 2021. Claimed incentives will be included in employees' December 17 paychecks.

To achieve a full series of the COVID-19 vaccine by the deadline, employees must receive a first dose of Moderna no later than Friday, November 5 or a first dose of Pfizer no later than Friday, November 12 in order to qualify for the second dose by Friday, December 3.

Both COVID-19 vaccines and flu shots are available at any of the [SLCo Health Department's five immunization clinics](#) or from [your local pharmacy](#) or [your health care provider](#). Additionally, the SLCo Health Department will offer both the flu and COVID-19 vaccinations during the annual flu clinic for SLCo employees and their families on Thursday, October 21, at the Library's Viridian Event Center from 7:30 to 11:30am.

I appreciate your continued dedication to Salt Lake County. Vaccines are our ticket out of this ongoing crisis. We know vaccines are safe and effective. Through vaccination we will finally [kick COVID to the curb](#) -- and you can earn up to an extra \$500!

Best,
Mayor Jenny Wilson
